

## Undergraduate Admissions

January 21, 2026

Shreyas Mathur  
4775 Snapjack Cir  
Naperville, IL 60564

Dear Shreyas,

Congratulations! I am pleased to offer you admission to the Aerospace Engineering Sciences program in the College of Engineering & Applied Science for the Fall 2026 term at the University of Colorado Boulder.

You are joining our 150th admitted class! As we celebrate 150 years of CU Boulder, you carry forward a legacy of curiosity, courage and innovation, and your journey begins now. At CU Boulder, you will join a dynamic and unique community that is committed to the Colorado Creed: to treat one another with honor, integrity, accountability and respect. Our rich tradition of academic excellence and our nationally recognized research facilities, outstanding faculty and multitude of unique learning opportunities combine to provide the perfect environment in which to achieve your educational goals and discover who you are.

Please contact us at [303-492-6301](tel:303-492-6301) or at [admissions@colorado.edu](mailto:admissions@colorado.edu) if you have any questions. Congratulations again on your admission to the University of Colorado Boulder and be sure to accept or decline your offer of admission through your [application status page](#)!

Sincerely,

A handwritten signature in black ink, reading "Amy Hutton". The signature is fluid and cursive, with the first name "Amy" and last name "Hutton" clearly visible.

Amy Hutton, Ph.D.  
Vice Chancellor for Enrollment Management  
University of Colorado Boulder
